## C. F. Smith Transferred Here

Charles F. Smith of the Employee Relations office in New York has been transferred to Aruba and arrived here early last week. He will fill a new position recently created in addition to the present organization, and will be responsible to Management for all public and employee relations functions of local affiliated companies and will act in an advisory capacity to the marine manager in these fields.

Charles F. Smith

This will be Mr. Smith's second tour of duty here. Arriving first in 1938, as head of training activities, he later became personnel manager. In 1941 he was transferred to the United States, and spent several years in various training and employee relations posts in the New Jersey works. In 1946 he was transferred to the employee relations department of the parent company. He has been with Jersey Standard since 1930.

## Bonus Adicional pa Costo di Bida A Worde Anunciá

E ultimo estudio di cambiamentonan di prijs na Aruba pa e lunanan di Mei y Juni ta muestra cu costo di bida ta 9/10 parti di 1 % mas halto cu e tabata na Mei 1, 1948 dia cu e estudio anterior a worde haci.

Salarionan di base pa tur empleadonan a worde halzá cu 5 % dia 1 di Mei 1948 y tur empleadonan a ricibi un bonus pa costo di bida di 5.75 % desde e tempo ey. E cambio den costo di bida di awor a worde discutí cu bosu representantenan den Comité Consultativo di Empleadonan y Directiva ta anuncia cu efectivo 1 di Augustus 1948 e siguiente arreglo lo worde haci den pagamentonan di bonus pa costo di bida:

Cada empleado Fegular y di Staff lo ricibi un bonus especial pa costo di bida di 6.70 % cual ta terminá dia 31 di Juli 1948. E bonus nobo den tur sentido ta igual cu e pagamentonan di e bonus actual pa costo di bida, cu excepcion di e porcentahe y ta resulta den un halzamento di 9/10 parti di 1 % di ganamentonan

## Tanker Rescues Survivors Of Shipwrecked Schooner

Six survivors of a capsized sailboat (including one who died next day) were landed at San Nicolas July 21, after spending two weeks in a lifeboat during which they had drifted half way across the Caribbean.

The tanker "Edenfield", which had sailed from here for England the night before, picked them up early in the morning about 60 miles northeast of Aruba. The "Edenfield" turned around and brought them back to Aruba, radioing ahead, and they were taken off the ship outside the harbor by the towboat "Colorado Point".

One man, Powell Daniel of St. Vincent, died at San Pedro Hospital the next day. Another, Jonathan Sharps, had died the day before the rescue. The five survivors were taken to the Lago Hospital, where they were released on July 31.

The group was traveling from Trinidad to St. Vincent in a one-masted schooner, "The Princess Sylvia", when the boat sank during a storm near Grenada. Their small lifeboat carried

## Four Win CYI Capital Awards

General Manager J. J. Horigan (left) shakes hands with Laszlo Boros before handing him a check for Fls. 1000, top award of the four Coin Your Ideas Capital Awards recently presented here. Seated at left are G. H. Jett, marine manager; R. V. Heinze, chairman of the Lago CYI Committee; and O. Mingus, assistant general manager. Inset shows Lago's first woman Capital Award winner, Nydia Ecury, receiving her check for Fls. 400 from Mr. Horigan.

Gerente General J. J. Horigan (banda robes) ta felicita Laszlo Boros promé cu e entreguá un cheque di Fls. 1000, premio capital di C.Y.I. mas grandi di e cuaternan cu a worde presentá recientemente. Sintá di robes pa drechi: G. H. Jett, gerente di Marino; R. V. Heinze, Presidente di Comité di C.Y.I.; y O. Mingus, sub-gerente general. Ribá e portret chikito, Nydia Ecury, promé empleado muher di Lago cu ta haya premio capital, ta ricibi su cheque di Fls. 400 cerca Sr. Horigan.

## Staff, Regular Employees Get Cost of Living Bonus

A special cost of living bonus of 6.70 per cent was announced recently for all staff and regular employees. The bonus applies to the employee's total earnings during each pay period between August 1 and October 31, 1948. It applies to regular and overtime earnings and to any acting or temporary allowance. It will also be used in figuring employee allotments to the Thrift Plan and Vacation Plan.

This bonus is the result of the latest study of price changes in Aruba, covering the months of May and June. That survey showed that the cost of living is 9/10ths of 1 per cent higher than it was on May 1, when the last previous study was made.

Base rates for all employees were increased by 5 per cent on last May 1, and all employees have received a 5.75 per cent cost of living bonus since that time. This latest change in cost of living was discussed with representatives of the E.A.C.

This bonus of 6.70 per cent supercedes the present bonus of 5.75 per cent, which expired on July 31. The new bonus is similar in all respects to the

Captain John McLean di Lake Fleet (banda drechi) ta rek pe yuda trece abordo di "Colorado Point", un di a sobre-viventenan di un barco di bela cu a naufragá. E tanker "Edenfield" a salba e seis sobre-viventenan, di cual un a muri e siguiente dia, dia 21 di Juli despues cu nan tabatin dos siman ta drief den un lancha.

Captain John McLean, Lake Fleet Liason Officer (right), reaches out to help in removing one of the survivors of a shipwrecked schooner from the rescue vessel, the tanker "Edenfield", onto the "Colorado Point". The six survivors, one of whom died the next day, were picked up July 21 after spending two weeks in a small lifeboat; during that time they drifted half way across the Caribbean.

## Jersey President Praises CYI

In a recent letter to all subsidiary companies, Jersey Standard President Eugene Holman stressed the importance of the Coin Your Ideas Program in contributing to the efficiency of refinery operations. Pointing out that both employee and company benefit from such a plan, Mr. Holman said that the CYI record over the past years had been gratifying, but that "we look forward to even greater progress in the future".

"My associates on the Board and I," he declared, "have been very favorably impressed by the report of the Central Coin Your Ideas Committee for the year 1947 and the data which accompanied it, highlighting the results of the CYI Plan for Jersey affiliates over the period 1940-47, and giving a comparison of the results obtained by the various companies." Mr. Holman added that these results reflected a continuing improvement in employee participation which is exceedingly gratifying.

## Boros Wins Top Award; 1st Woman Winner Named

Lago's Coin Your Ideas Capital Awards were announced July 23, with General Manager J. J. Horigan presenting a total of Fls. 2200 to four winners. The awards were made before a group consisting of Lago's Board of Directors, other top Company officials, and the CYI Committee.

The Fls. 1000 first award went to Laszlo Boros, with Edward J. Kulisek winning the second award of Fls. 600. Third award of Fls. 400 went to Nydia Ecury, Lago's first Capital Award woman winner, and fourth prize of Fls. 200 to Henry S. Goodwin.

Mr. Boros, an operator in the Light Oils Finishing Department, really hit the jack-pot with his idea; the initial, supplemental, and Capital awards added up

## Foot Injuries CAN be Prevented

Since last February, the refinery has had eight lost-time accidents due to foot injuries (during the whole of 1947 there were only ten such lost-time injuries). At this high rate, one out of every four refinery accidents is a foot injury.

As in most other types of accidents, these injuries are due to only one cause: carelessness.

Injuries can be avoided by following rules of safe practice. To avoid foot injuries, follow these rules:

1. Keep feet out of the way when placing down materials.
2. Stack materials so they will not roll or fall over.
3. Always get a firm grip on tools and materials.
4. Keep tools clean and in good condition.
5. Pay close attention to the job.
6. Understand clearly what is to be done.
7. Walk, do not run, up and down stairs.
8. Wear safety shoes — the steel cap will protect your toes.

## Protege bo Pianan contra Accidente

Di Februari p'awor tabatin ocho accidente cu pérdida di tempo den refinaria causá pa herida- of golpinan cu empleadonan a hiba na nan pia. (Durante henter anja 1947 tabatin solamente diez accidente di pia.) Di e moda aki di cada cuater accidente den refinaria un ta accidente di pia. Causa di casi tur otro sortonan di accidente, ta causa di esaki tambe: descuido. Por evita nan siguiendo reglanan di Seguridad:

1. Kita pia foi caminda ora bo ta pone material abao.
2. Pone material riba otro di moda cu nan no por cai.
3. Semper tene instrumentnan y material firmemente.
4. Tene instrumentnan limpi y na bon condicion.
5. Paga bon atencion na bo trabao.
6. Comprende kico bo mester haci promé cu bo cuminza.
7. Baha y subi trapi sin corre.
8. Bisti zapato di Seguridad — nan tin un plaachi di staal pa protehe bo dede di pia.

## Thrift and Retirement Plans Offer Security

A significant step was taken last month when the Company increased employee benefits by inaugurating the Retirement Plan and revising the Thrift Plan. Every employee, regardless of his status and station today, must look forward to and prepare for the day when he will no longer be able to work and support himself and his family. The Thrift and the Retirement Plans are designed to help him at that time.

Only through systematic savings can a man save enough money to take care of himself in his old age. The Thrift Plan gives an employee the chance to lay aside each month a small portion of his salary for the future.

The Retirement Plan gives an employee an income after his working days are over — the changes in the Thrift Plan give him more money which he may use now, in the form of larger loans and more frequent withdrawals. With these two plans, no Lago employee need fear poverty and want when he is too old to earn a living. Through them, he is assured of security and a decent life in his old age.

Un paso importante den aumento di beneficiacion pa empleadonan luna pasá, tabata inauguracion di Plan di Retiro y revision di Thrift Plan. Tur empleado, loque sea su posicion awe, mester prepara pa ora cu e no por traha mas pa mantene su mes y su famia. Thrift Plan y Plan di Retiro a worde institui pa percursa p'esey.

Solamente pa medio di spaarmento sistemático, un hende por yega na tin algo pa su behez. Thrift Plan ta duna un empleado chens pe pone un suma chikito un banda cada luna.

Plan di Retiro ta duna un empleado pensioen ora cu e no por traha mas. E cambianan den Thrift Plan ta duna mas uso riba su crédito, fiamento mas grandi y lamtamento mas frecuente.

Cu e dos plannan aki ningun empleado di Lago no tin nodi di teme pobreza ora cu e no por traha mas. Pe medio di nan e por sigurá un behez tranquil.

## The 16 Points

Can you find your way in the dark? Can you find your way out of this maze of points, from one to another without removing your pencil from the page? The problem is to join the 16 points in the square with six lines without lifting the pencil from the paper. It doesn't matter if the lines cross each other, or if they go beyond the lines of the square, but you can't go back on the same lines. How would you do it?

(Answer on back page.)

## Rev. Evans Takes Pastorship Of Lago Community Church

Lago's new minister, Rev. Donald R. Evans, assumed his new position early this month. He succeeds Rev. Percy Dawe, who resigned last spring, as pastor of the Lago Community Church.

Rev. Donald R. Evans

Rev. Evans received a Bachelor of Arts degree from the University of Chicago, and a Bachelor of Divinity degree from the Chicago Theological Seminary. He was formerly pastor of churches in Portland, Michigan and Charlevoix, Michigan.

Until he came to Aruba he was minister of Christian Education for the Michigan Congregational Christian Conference.

## Falcon Club Elects Officers

The Falcon Club met July 2 for the election of officers. J. La Cruz was elected president of the group, with J. van Dyke named vice-president. Others elected include W. Houtman, secretary; L. Sullivan, recording secretary; P. Mora, treasurer; H. Stevenson, manager of music and dramatics; P. Guevara, business manager; W. M. Brown, chairman of literary section; and L. H. Bryan, sports director. George and Austin Butler retained their positions as musical instructors.

## French Windward Island Group Moves into New Clubhouse

Sunday, August 1 was "occupation day" for the French Windward Island Welfare Association. On that day the Association moved into its new headquarters behind Jackson's Church; the building was formerly occupied by the Chinese Club, which has built a new clubhouse.

The ceremony included the hoisting of the Dutch, French, and Association flags, then the door of the building was formally unlocked, with the group's members and their guests going inside to inspect the new quarters.

The clubhouse will be decorated for the formal dedication ceremonies on August 14. At that time the 65 members of the Association will celebrate the formal opening of their new headquarters. Virgil Emanuel, of the Instrument Department, is president of the Association.

## TO AVOID FOOT INJURIES --

walk, do not run, up or down stairs

# Pencil Pushers' Paradise

One man whom you'll never catch without a pencil is Vic Schultz, assistant manager of the Esso Club. His mother gave him an antique pencil in 1923 and suggested that he start collecting them; since then he's collected so many that he can only estimate the total number, and they range from pencils shaped like pipe cleaners to beer bottles, from dice to revolvers — some, of course, look only like pencils.

When he started his hobby, it was Vic's intention to collect only antique pencils. However, like most hobbyists, he began to branch out until he was collecting all types that are of a mechanical design. Of the one or two pencils he now has which do not repel or eject lead, one is a novelty pencil designed as a key, about five inches long, in which the pencil must be pulled out by hand.

The most important feature of the collection is the group of antique pencils, some of which range back to pre-Civil War days. Many of these old pencils are hand engraved and all are of gold, or gold filled, or gold rolled. Many have semi-precious stones set into them and one or two are of platinum; about 25 are sterling silver. Several of these antiques were combined with finely moulded quill type pens.

No definite value has been placed on the antique collection, since it is believed to be the only large collection of old-time pencils in existence. However, an estimated value of the precious metals in the antique pencils would be about \$1,400, or Fls. 2,550.

When asked which is his favorite pencil in the collection, Vic replies that there are several: since the collection is made up of several groups, it's possible for him to have several favorites.

"In the group that contains autographs as well as the pencil with which the autograph was signed, my favorite is the one General Jimmy Doolittle gave me," Vic says. "But in the 'unusual' group, I like a solid ivory pencil in the form of a Springfield .03 bolt action rifle; when the bolt is released a miniature bayonet is propelled.

"Of those that have some historical significance, I like the one Douglas 'Wrong-Way' Corrigan carried in his pocket when he made his celebrated flight to Ireland," Vic continued.

A gold pencil which Vic purchased from a former high ranking Mexican government official has one of the most interesting histories of the collection. The ousted official was a refugee in San Antonio, Texas at the time, and the pencil was claimed to be the former property of an archbishop which, along with other Church property, was confiscated by the Mexican government and sold at public auction. The pencil is beautifully designed and even the mechanism is gold filled.

The smallest pencil in the collection is about 3/4 inch long, and the largest about 20 inches. They range from utility pencils (pen knives, flash lights, magnifying glasses, pipe cleaners) to trick pencils (jack-in-the-box, dice cup and dice); from souvenirs (bowling pins, beer bottles, letter openers, baseball bats) to pencils advertising various products (needless to say, the oil-filled one with the Esso oval recently given to Lago employees occupies a prominent place in this group). And then there are those shaped like dolls heads, watch fobs, key holders, and practically any other object which one would never associate with pencils.

Vic Schultz has been collecting them since 1923, and he can only guess how many pencils he has altogether (he places the number at approximately 1,200). Unlike most collectors, he's unable to spend long, enjoyable hours talking over his hobby with fellow collectors — he doesn't know of anyone else who collects mechanical pencils.

Whether that fact is a disadvantage to his particular hobby, or whether Vic just figures that he has about as many different pencils as one person can collect is open to conjecture. But, at any rate, he isn't letting his daughter Vicki start a collection of pencils. No, he's already started her off collecting music boxes.

Vic Schultz, assistant manager of the Esso Club, points out to his daughter Vicki one of the most interesting pencils in his collection of 1,200 or so. He's using a long old-type pencil formerly used by schoolmasters to point out objects in the classroom, and is pointing at a solid ivory pencil shaped in the form of a Springfield rifle. Shown on the boards are just a small portion of his complete collection of mechanical pencils.

"I need a pencil. Who's got one I can borrow?" Anyone asking that question in the presence of Vic Schultz needn't be surprised if he hands them an object shaped like a dice, owl, bear, pistol, beer bottle, watch fob, pipe cleaner, baseball bat — in fact, almost anything except a pencil (although Vic's large collection does include pencils that look like pencils). Some of the more unusual examples from his collection are shown below.

## Sixty-Six Apprentices, Members of Class of '44, To Graduate August 20

Friday, August 20 will be graduation day for 66 graduates of Lago's 1944 Apprentice Training class. The ceremonies, which will be attended by top Company and Government officials and friends and relatives of the graduates, will be held at the Lago Club Auditorium at 2 p.m.

Principal speaker at the ceremony will be O. Mingus, Lago's assistant general manager, with J. M. Whiteley, superintendent of the Technical Service Department, presenting the diplomas.

Those invited to the graduation include Lt. Gov. L. C. Kwartzsz; Dr. W. J. Goslinga, Curaçao's Inspector of Education; principals of local schools; and parish priests.

An exhibition of the outstanding work done throughout the year by the graduates of the class will be on display in the lobby of the Club.

There were 102 apprentices in this class when it began in 1944; 36 failed to finish either because they entered military service or were unable to meet the requirements of the course.

## New Safety Flag Going Up For Lago's Other Departments

Lago's "other departments" will put their safety records on display this month, joining the Process, Mechanical, and Marine Departments. A fourth safety flag, for the departments not included under the present three large refinery divisions, is going up alongside the other three. The additional flag is going up at the Main Gate, next to the Main Building, and (with the others) at a new location by the Lago Heights Gate.

The "other departments" are Colony Service, Technical Service, Industrial Relations, Medical, Accounting, and Executive. The number of employees in this group is 1741. The Mechanical group has 3530; Process 1707; and Marine 776.

## Rotary Officers Are Installed

Newly-elected officers of the Rotary Club of Aruba were recently installed. Jan H. Beaujon, of Lago's Employment Division, is the Club's new president, with Ira P. Hoffman, of the Lago School, as vice-president. Other officers are Gustave G. Nouel, secretary; Ch. Neme, treasurer; A. J. van den Naaten, sergeant at arms; and Brereton Teagle and Godfried Eman, directors. Past president of the group is W. F. M. Lampe.

TO AVOID FOOT INJURIES --  
 keep feet out of the way when placing down materials.

Curaçao's famous pontoon bridge across St. Anna Bay was seriously damaged July 6 when a tanker smashed into it. Nine of the pontoons sank and it will be sometime before the bridge is repaired. Meanwhile, the people of Willemstad cross from one side of the city to the other by means of launches. The accident occurred when the strong currents of the bay drove the tanker toward Fort Amsterdam; trying to avoid a collision, the tanker turned its wheel sharply and ran into the bridge.

Brug di Curaçao cu ta uni Punda y Otrabanda a kibra dia 6 di Juli ora cu un tanker a dal contra dje. Lo dura algun siman ainda promé cu e brug bini cla y mientras tanto hendenan mester cruza den boto. E accidente a tuma lugar ora cu un biento fuerte a manda e tanker contra Fort Amsterdam, y pa evitá un choque e tanker a bira su timon liher y a dal contra brug.

## Empleado di Lago ta Coleccioná Vul-potlood

Prbablemente Vic Schultz di Esso Club tin e coleccion di vulpotlood mas grandi di mundo. Na anja 1923 su mama a duné un potlood antigua y di e dia ey el a cuminza coleccioná nan y awor e tin asina tanto cu e no por bisa sigur, pero e ta kere cu e tin mas o menos 1200 potlood na tur.

Tempo cu el a cuminza e tabatin idea di coleccioná potloodnan antiguo sè, pero despues el a cuminza cu tur sorto di vulpotlood. Algun di nan ta di tempo di Guerra Civil y mayoria di nan ta di oro of dorá y grabá na man; tin di nan cu tin piedra precioso poni den nan, tin dos di platina y un 25 di plata. Balor di e coleccion straño aki ta calculá na mas o menos 1400 dollar, esta Fls. 2550.

E potlood di mas chikito ta 3/4 duim largo y e di mas ta largo 20 duim. Algun di nan ta sirbi como sombechi, fooks, vergrootglas y otronan tin forma di botter di cerbez, palabruha, bate di baseball y hopi otro cos mas.

No tin nodi di bisa cu e potlood cu Lago a parti recientemente como souvenir di e record di Seguridad a haya su lugar entre e otronan.

Riba e portretnan esun ta mustra Vic Schultz ta splica cua ta cua na su jioe Vicki y riba e otro, algun di e potloodnan saká di acera.

## SIGN UP NOW

The Company started August 9 to sign up employees for the revised Lago Thrift Plan. The signing-up process is according to departments, and all eligible employees will be contacted. Employees have until November 1 to sign up for the Thrift Plan and still get prior service credits toward retirement benefits.

It takes only as little as 2 per cent of an employee's salary to join the Thrift Plan and to get the benefits of the new Retirement Plan. Sign up now.

## CYI WINNERS

### OTHER WINNERS

**LIONEL FERNANDES**  
Fls. 35  
Rearrangement for bypass valve at No. 2 Powerhouse.

**WILLEM DE SOUZA**, Fls. 100, install a sight glass in the catalyst loading line from the one-half ton hopper at the PCAR.

**ARTHUR DRUMMOND**, Fls. 75, install road to eliminate traffic congestion in the vicinity of the Storehouse.

**LIONEL RICHARDS**, Fls. 25, replace wooden hose reel houses with concrete.

**ROBERT KRUCKLIN**, commendation, install drain in well under gasoline pumps at Colony and San Nicolas service stations.

**WILLARD STRODE**  
Fls. 25  
Use shaped bars for ladder rungs when embedded in concrete, etc.

**WILLEM VAN HEYNINGEN**  
Fls. 25  
Install fire extinguishers at Customs-house at finger pier.

**S. CUMBERBATCH**  
Fls. 20  
Extend drains to sewer No. 1275 and 1276 at rerun bottom pumps.

**THEOFILUS JOHN**  
Fls. 20  
Insulate lower part of exhaust pipe from gasoline pump at Hydroponics.

**MCGILCHRIST POPE**  
Fls. 20  
Authorize Esso Heights supervisor to switch iceboxes off and on.

### NEW ARRIVALS

A daughter, Cynthia Agatha, to Mr. and Mrs. Sydney Lawrence, July 15.  
A daughter, Rika Eligia, to Mr. and Mrs. Felipe Koolman, July 15.  
A son, James McDonald, to Mr. and Mrs. Adolphus Roberts, July 16.  
A son, Galvin Henk, to Mr. and Mrs. Jerome Da Breo, July 17.  
A son, James Charles, to Mr. and Mrs. James Hanley, July 20.  
A daughter, Yolanda, to Mr. and Mrs. Ludovico Solognier, July 20.  
A daughter, Phyllis Juliana, to Mr. and Mrs. Whitfield Cummings, July 24.  
A son, Benito Joseph, to Mr. and Mrs. Petrus Giel, July 24.  
A son, Augustin Severiano, to Mr. and Mrs. Teolindo Ras, July 24.  
A son, Franklin MacDonald, to Mr. and Mrs. Wilmuth Conner, July 24.  
A son, Anacleto Jacinto Hermogenes, to Mr. and Mrs. Antonio Martin, July 26.  
A son, Angel Louis, to Mr. and Mrs. Angel Martinez, July 26.  
A son, David Theodore, to Mr. and Mrs. Alfred Butts, July 27.  
A son, Juan Filomeno Marcolino, to Mr. and Mrs. Juan Winklaar, July 27.  
A daughter, Betty Jeanne, to Mr. and Mrs. Willard Strode, July 28.  
A son, Anthony Albert, to Mr. and Mrs. Clarence Ferry, July 28.  
A son, Robert Frans, to Mr. and Mrs. Leonardus Benne, July 28.  
A son, Patricio Alphonso, to Mr. and Mrs. Leon Flanders, July 28.  
A daughter, Anna Maria, to Mr. and Mrs. Jacobo Franken, July 28.  
A son, to Mr. and Mrs. Carl Gomes, July 31.  
A daughter, to Mr. and Mrs. Gustav Bryson, July 31.  
A daughter, Sheila Bernice, to Mr. and Mrs. Hugh Quow, July 31.  
A son, to Mr. and Mrs. James Richardson, August 1.  
A son, Newton Astley, to Mr. and Mrs. Newton Kirby, August 1.  
A daughter, Catherine McLean, to Mr. and Mrs. Andrew Tully, August 1.  
A son, Lionel Dave, to Mr. and Mrs. Herman Lopez, August 1.  
A son, Cornelius Delmonico, to Mr. and Mrs. Leon James, August 1.

### Premionan Capital di CYI Presentá na Cuater Empleado

Cuater empleado a ricibi un total di Fls. 2200 dia 23 di Juli ora cu Gerente General J. J. Horigan a presenta Premionan Capital di "C.Y.I." na nan.  
E promé premio di Fls. 1000 tabata pa Laszlo Boros, un operator di Light Oils Finishing; su idea tabata pa pone kraanchinan riba cierto pipanan pa evitá cu vapornan ta haya mas cargo di loque nan mester haya.  
Di dos premic tabata Fls. 600 cu Edward Kulisek di Safety Department a haya pa su idea pa pinta sombrenan di Seguridad diferente colornan pa identificá trahadornan.  
Nydia Ecury di Esso News office a gana Fls. 400 pa su idea pa e seccion "Pa Muchanan" den Esso News.  
Ganador di e di cuater premio di Fls. 200 tabata Henry Goodwin di T.S.D. pa su idea pa usa facilidadnan sanitario pa awa di bebe pa empleadonan den field.

Another chapter was added to Aruba's aerial history July 19 when Paria Allen became the first woman here to make a solo flight. She soloed after only ten hours instruction. Miss Allen is shown above, standing beside the Aeronca plane just after she made her first solo flight.

### Committee Corrections

It was erroneously reported in the last issue of the Esso News that Etta Williamson had been replaced on the Esso Club Advisory Committee, and that H. M. Nassy was no longer a member of the Lago Sport Park Committee. Miss Williamson remains on the Esso Committee, although R. MacMillan has replaced her as secretary of that group. Mr. Nassy, although he is no longer an EAC representative since his transfer into another department, is still a member of the Sport Park Committee.

The graduates of the Customer Relationship course operated by the Colony Service Department are shown above. They received their diplomas from Colony Manager J. J. Abadie (standing left) on July 30. N. M. Shirley (standing second left) and P. A. Hunt (standing right), both of Colony Service, also spoke to the members of the graduating class. Abdul Mohid (standing second right) was the group's instructor. The course lasted seven days, with two hours a day being devoted to it.

Fred Marshall, of the Light Oils Finishing Department, will be married to Serafina Noguera on August 14 at the Protestant Church in Oranjestad. A reception will be held afterwards at the couple's new home in Sabaneta.

## Story of the Lion, The Goat, and the Baboon

Once upon a time there was a dear old Mother Goat who had two kids. A very old lion was their neighbor. One day the kids' mother went to market to buy a bottle of honey. While she was away the kids ran into the neighbor's garden to play. Just then a baboon came to visit with the lion and saw the kids playing around. A mean old baboon he was, and as soon as he went inside he told Mr. Lion that kid's meat was about the best meat there was. The lion confessed he never knew that, but if it was as good as that he certainly wanted to try it. The baboon was all for catching the kids right then and there, but the old lion thought they'd better wait till the mother came back and catch all three of them.

However, the kids had very sharp little ears and they overheard the whole conversation, and running out to meet their mother they told her all about it. Mother Goat told the kids to run along and stay in the house. She herself crossed the lion's yard and the lion greeted her from the door of his house. "You come very late, Mrs. Goat," he said. "Yes, and I had bad luck too," she answered, "I waited all this time to get some of the delicious baboon's meat they had on the market, but when my turn came, all the meat was finished, and all I got is a bottle of baboon fat." And she held up the bottle of honey. "Let me see" the lion said, and after he saw he said "let me try it". And he started drinking the honey. Mother Goat said: "Don't drink all of it, Mr. Lion. I want some myself."

The lion kept on drinking, stopping only to lick off his lips and smack his tongue. He had never tasted anything as sweet as that. "You know something, Mrs. Goat," the lion said, "there is a baboon under my bed just now, and if I catch him you may have all the meat, as long as I can get some more of this delicious baboon fat." And the lion ran into the bedroom and started chasing the baboon; the baboon ran out of the house and into the forest, and the lion went straight after him.

The baboon was a fast runner and soon the lion was left way behind. When he decided to give up and go back home, he found out that he was deep in the forest, and couldn't find his way back. The same thing happened to the baboon,

## Storia di Comá Cabrito, Cha Leon y Makaku Babún

Un dia tabatin un Mama Cabrito cu tabatin dos joechi. Un leon masha bieuw tabata nan bisinja. Un dia Comá Cabrito mester a bai mercado pe cumpra un botter di stropi pa nan come cu reeskoek. Ora cu el a sali e joenan a bai hunga den currá di Cha Leon. Net Makaku Babún a drenta pa bishita Cha Leon y el a mira e dos cabritonan. Makaku Babún tabata un donderslâ y asina cu el a caba di cuminda Cha Leon, el a puntré si e no ta gusta biefstik di cabrito. Cha Leon di: "Wel, mi no por bisa bo pasobra mi no sa". Makaku Babun di: "Cha Leon, laga redo; no bin bisa mi cu bo no a come cabrito nunca. Wel, laga mi bisa bo un cos, no tin cos mas dushi cu biefstik di cabrito." Cha Leon a bolbe bisa cu nunca e no a purbé, pero si ta asina bon e ta, anto sigur lo e kera comé. Makaku Babún tabata cla unbez pa bai cohe e cabritonan pa regla cuenta di e pobercitonan. Pero Cha Leon di mihor nan warda te ora e

who had run even deeper into the forest, and that's how both of them became animals of the forest.

Contributed by Sylvester Cudjoe, of the Metal Trades Department.

mama bolbe ya nan ta cohe tur tres pareeuw.

Pero..... pushi chikito ta niester. E cabritonan chikito a tende tur loque nan a bisa y nan a core bai contra nan Mama y nan a conté tur cos. Mama Cabrito a manda e muchanan cas y el a bisa nan keda p'aden. E mes a pasa dilanti di porta di Cha Leon. Cha Leon di: "O Comá Cabrito, bo a bolbe laat awe." Comá Cabrito di: "Ay si, perde tur mi tempo, anto loque mi a bai busca mes mi no a haya." "Ta kico Comá a bai busca anto?" Cha Leon a puntra. "Ay ta dos liber di carni di makaku babún mi a bai busca, pero tabatin tanto cumprador, cu ora nan kera spacha mi, no tabatin carni mas y tur loque mi a bin haya ta un botter di vet di makaku babún." Cha Leon di: "Laga mi mira" y ora wowo a mira, e di: "Laga mi purba" y Cha Leon a cuminza bebe e stropi diki, bao di keremento cu ta vet di makaku babún. Mama Cabrito: "Ca Leon, no bebe tur, laga un lek pa mi." Pero Cha Leon a tira garganta p'atras y el a bebe te ora cu e botter a keda bashi. E ora el a keda ta bati lenga sin midir; nunca di su bida e no a purba un cos delicioso asina. E di cu Comá Cabrito: "Comá, sa kico? Tin un makaku babún seondí bao di mi cama awor aki. Bin yuda mi cohe y mi ta duna bo tur e carni, contal cu mi por haya poco mas di e vet dushi aki." Y Cha Leon a core drenta kamber pe changa Makaku Babún. Makaku Babún a saka un careda derechito pa mondi, y Cha Leon su tras. Nan a sigui core te cu nochi a cera. Ora di dia a habri Cha Leon kera bolbe cas, pero el a hayé den un mondi straño y e no por a haya caminda di cas; p'esey el a bira bestia di mondi.

Makakú Babún a core te cu su curazon a sali pa su boca; esey tabata su castigo mereci, pasobra tabata mucho malo di dje di bin kibra paz den Cha Leon cu su bisinja Comá Cabrito.

## Curaçao's Phosphate Mines Are Fully Recovered From War Years

After having practically ceased operations during the war, Curaçao's phosphate mining industry is now fully recovered, with the mines working again. In 1947 the island shipped out almost 80,000 tons of phosphate of lime; before the war, some hundred thousand tons of the mineral were exported each year.

Curaçao's valuable mineral deposit is located on the eastern end of the island at Table Hill, near Fuik Bay, about three-quarters of an hour's drive from Willemstad.

Of the almost 80,000 tons of phosphate exported last year, over half went to the States; 26,000 tons were shipped to Holland, and 110 tons went to Colombia.

only fruit, biscuits, and 25 gallons of water. The water was gone after the first week, and the group kept themselves alive for the next week by sipping small amounts of sea water.

During the two weeks that the group drifted across the Caribbean, they sighted many vessels and passing lights at night; however, they were never close enough to be sighted and rescued. It was estimated that they drifted 450 miles during their two-week ordeal in the small boat.

After their release from the Hospital, the survivors' passage to their homes was arranged by the British Consul.

### PROMOTED

J. H. Watkins was this month promoted to the position of Group Head B, Statistics and Economics in the Process Division of T. S. D. Mr. Watkins came to Lago in 1938 as a student engineer, served three years in the U.S. Navy, and returned here in 1946 in the Design Group of T. S. D. Since last February he has been acting group head of the Statistics and Economics Section.

## FIRMA AWOR

Dia 9 di Augustus Compania a cuminza laga empleadonan firma pa tuma parti den Thrift Plan revisá. E firmamento ta tuma lugar departamento pa departamento y tur empleado lo haya oportunidad par firma. Empleadonan tin chens te dia 1 di November pa cuminza participá y pa haya crédito pa servicio anterior pa beneficiacion di Plan di Retiro.

Un empleado por contribui solamente 2% di su salario na Thrift Plan y toch e ta haya beneficiacion di Plan di Retiro. Firma bo number awor.

stack materials so they will not roll or fall over.

## "C.Y.I." Continued from Page 1

on each cargo loaded through each line.

Only a week before, Mr. Boros received a Fls. 1000 supplemental award for his idea, the largest supplemental ever made here. As an initial award, it brought him Fls. 200.

Mr. Kulisek, a safety inspector in the Safety Department, was cited for his idea of identifying pushers in the various M. & C. crafts. This idea brought him Fls. 835 in the Capital, supplemental, and initial awards. The adoption of his suggestion was made to include nearly all personnel of the refinery. Each department was assigned a specific color to be applied on safety helmets; foreman are distinguished by a wide black band just above the rim of the helmet, while pushers use a narrower black band.

The Committee's investigation showed that this suggestion has aided materially in the promotion of safety consciousness among the refinery's personnel, reducing accidents by providing protection, and decidedly aiding in the identification of the various crafts and departments. This is especially evident in turn-arounds. The morale of all personnel has been improved, an esprit de corps now being evident.

As an initial award, this idea won Mr. Kulisek Fls. 35; as a supplemental, Fls. 200.

Fls. 500 was the total sum won by Miss Ecury's award as an initial, supplemental, and Capital winner. A translator clerk in the Publications Section of the Industrial Relations Department, Miss Ecury suggested that a children's page be run in the Esso News. The Committee's investigation showed that this idea has proved to be of greater value than anticipated in the spheres of human interest and morale. Not only has it become a popular feature in the Esso

News, but it has achieved additional value because of the scarcity of children's stories.

Miss Ecury received a Fls. 75 supplemental award and a Fls. 25 initial.

Mr. Goodwin, a chemist I in the Technical Service Department, realized Fls. 300 altogether from his idea to use sanitary drinking facilities for field crews. As a result, Dobbins portable water coolers were ordered and put into use. Definite advantages resulting included the elimination of men pushing dirty hands, cans, etc. inside the coolers, which was often done with the old type of coolers used. In addition, the new coolers are much lighter than the old ones and are easier and safer to handle.

This idea was worth Fls. 75 as a supplemental, and Fls. 25 as an initial winner.

This was the second year that Capital Awards were presented here under the revised CYI plan. To qualify for a Capital Award, an idea must have been in use for at least one year but less than two. The awards are based on ingenuity, degree of application, monetary saving, and the mutual benefit resulting to both employees and the company.

The 1946 winners were Edgar Jackson, Frederick Dirksz, Willie Emanuels, and Egbert Tjin-Kam-Jet.

## BONUS

Cont. from page 1  
previous cost of living bonus payment except as to amount, and results in an increase of each employee's total earnings by 9/10ths of 1 per cent over his earnings for similar work prior to August 1.

Supervisors and EAC representatives will be glad to discuss with employees any questions they might have concerning the bonus payments or their effect on the employee's earnings.

## Dry Dock Employees Vacation

Three Dry Dock employees are due to leave on their vacations shortly. George Duncan starts his ten weeks vacation on August 16. He's a shipyard corporal in the labor gang.

Also leaving on the 16th is Alfred Girr, machinist. He has eight weeks vacation, and intends to spend it here in Aruba.

Last to leave is Joshua Peters, janitor. He has ten weeks off starting August 21, and plans to spend it here.

The Falcon's Girls' Orchestra made its debut at the Surinam Club the night of July 17. The girls are shown above, with the members of Speen's Orchestra standing behind them; Speen's group played for the benefit dance that evening, with proceeds going to the Girls' Orchestra, which played one number to prove that they knew what to do with those instruments. Leaders of the Falcon musical organization are George and Austin Butler (standing in front left and right). Members of the orchestra, and the places from which they come, are, front row left to right, Pearl Morgan, Trinidad; Eileen Williams, St. Kitts; Lucia Leckie, Aruba; and Lorna Sylvén, Grenada. In back are Freida Richardson, Curaçao; Alma Lucas, Grenada; Gene Ollivierre, Trinidad; and Adina Ramsey, Trinidad. (Photograph by Samuel Rajcoon.)

Falcon Girls' Orchestra a toca pa di promé bez dia 17 di Juli na Surinam Club. E portret aki ta muestra e damasan hunto cu miembronan di Speen's Orchestra. E organizacion musical di Club Falcon ta bao di direccion di Austin y George Butler.

Members of the Lago Sport Park Committee (above) plan the program of events which will take place at the Sport Park on the Queen's Birthday. Seated left to right are J. H. Nunes, acting chairman; E. M. Gairy; E. J. Huckleman, coordinator; and R. Martin, secretary. Standing are H. M. Nassy, contact man; A. Dennie; A. E. Rasul; M. Croes; and F. Dirks.

## Prizes Worth 2300 Set for Olympiad

With 31 events set for the Queen's Birthday Celebration at the Lago Sport Park August 31, the Company has approved the expenditure of Fls. 2300 for the purchase of prizes to be awarded the winners. At least three prizes will be given to the top winners in each event; six prizes will be given to winners in the weight lifting contest, and four awards will go to the top four men in several other events. In addition, a special award will go to the outstanding athlete, plus an award to the apprentice entering the most events, as well as other consolation prizes.

## Queen's Birthday Events Lago Sport Park - August 31

The 5-mile run (in the Sport Park) starts at 9 a.m. The decorated bicycle contest is at 10 a.m. The other events begin at 12 noon.

1. 5-mile race, open.
2. Decorated bicycle contest, open.
3. Weight lifting contest.
4. Body beautiful contest.
5. 100 yards race, apprentices 16 and under.

21. 50 yard race, ladies.
22. 100 yard skipping race, girls under 15.
23. 1-mile bicycle race (free wheel), open.
24. High jump, open.
25. 1/2 mile race, open.
26. 120 yard low hurdles, open.
27. Shot put, open.
28. Three-legged race, 100 yards, open.
29. 1 mile race, open.
30. 100 yard race (men 35 and over), open.
31. 3-mile cycle race (racers only), open.

## British Guiana Players Return From Trinidad

The British Guiana Club players recently returned from a two-week cricket tournament in Trinidad, where they won two, drew four, and lost one.

R. Walker, star B.G. player, achieved the "Hat Trick" playing against Barataria. He finished up with an average of 13 overs, 8 maidens, 8 runs, and 8 wickets. This is an established record for the British Guiana Club of Aruba. Another record was established by I. Mendes in the Dickinson Cup test match when he bowled 7.5 overs, 3 maidens, 10 runs, and 6 wickets.

Immediately following the last match of the two week tournament, it was announced that C. Barrow and C. Reed were chosen as the all-round players of the tournament. Barrow and Reed are from the Empire Cricket Club of Curaçao, and were special guest-players to add strength to the B.G. team.

The highest score of the tournament, 52 runs without being put out, was made by C. Bonadie of the B.G. Club against the strong Esso Service Station team.

Scores of the matches were as follows:

<b>St. James Indians</b>	vs.	<b>Aruba</b>
38 runs for 6 wickets		88 runs for 3 wickets declared
<b>Portuguese Club</b>	vs.	<b>Aruba</b>
81 runs		78 runs, 8 wickets
<b>Test Match for Dickinson Cup</b>		
<b>Port of Spain</b>	vs.	<b>Aruba</b>
56 runs, 94 runs for 6 wickets		80 runs, 69 runs, lost match by 4 wickets
<b>Esso Service Station</b>	vs.	<b>Aruba</b>
53 runs, 9 wickets		161 runs, 4 wickets declared
<b>Port Service</b>	vs.	<b>Aruba</b>
34 runs for 2 wickets		96 runs, 7 wickets declared
<b>Barataria</b>	vs.	<b>Aruba</b>
49 runs		144 runs, 8 wickets declared, won Cabral Cup
<b>Merchant Eleven</b>	vs.	<b>Aruba</b>
69 runs		97 runs for 9 wickets, won Hosein Cup

## Bandera Nobo di Seguridad Po Otro Departamentonan

Lago su "otro departamentonan" lo exhibi nan record di Seguridad e luna aki, mescos cu departamentonan di Process, Mechanical y Marine. Un bandera mas, pa departamentonan cu no ta inclui den e divisionnan grandi di refinaria, lo haya su lugar banda di e tresnan cu tin caba na Main Gate y banda di Main Office. E cuater banderanan lo worde instalá tambe na un lugar nobo banda di Lago Heights gate.

Members of the Lago Heights and Esso tennis teams are shown above after their matches July 25 on the Esso Courts. The Esso netmen won the five matches played. The Lago Heights team (front row) are left to right A. Amstervene, C. Batson, L. Fernandes, H. Gomes, G. La Granade, K. Wong, F. Gilkes, and W. Philip. Esso players on the back row are W. Koningsberger, J. Upp, F. Legenhausen, J. Lambert, I. Broz, and J. P. Wiley; Esso men not pictured are L. W. Ammann, L. McReynolds, and T. Robbins.

## Esso Netmen Turn Back Lago Heights Tennis Team

The Esso tennis team, led by Jesse Upp, turned back a strong and determined Lago Heights team July 25, winning all the five matches played. The matches were played on the Esso Courts.

G. La Granade extended Esso's L. W. Ammann to three sets before losing. This was the best match of the day and both players displayed some of the most outstanding tennis strokes ever seen in these parts. The scores of the match were 4-6, 8-6, 7-5.

Jesse Upp, Esso's top player and considered one of the best on the island, gained an easy victory over Lago's number one player, W. Phillip, by scores of 6-0, 6-1.

Results of the remaining matches were: J. Lambert and F. Legenhausen (Esso) turned back F. Gilkes and C. Batson 6-2, 6-2; I. R. Broz (Esso) defeated L. Fernandes 7-5, 7-5; L. McReynolds and T. Robbins (Esso) set back H. Gomes and K. Wong 6-1, 3-6, 9-7.

A return match will be played on the Lago Heights courts, but until repairs on the courts and back stops have been made no definite date can be set.

## Industria di Fosfaat di Curaçao Ta Florecé Atrobe

Despues cu durante guerra apenas e sigui existi, Corsouw su industria di fosfaat ta florecé atrobe. Na 1947 nan a barca casi 80,000 ton di fosfaat; promé cu guerra algun cien mil ton tabata worde exportá tur anja.

Corsouw su minanan ta keda na banda p'ariba di e isla, na Tafelberg banda di Fuikbaai. Di e 80,000 ton cu a worde exportá anja jasá, mas di mitar a bai pa Merca; 26,000 ton a bai pa Holanda y 110 ton pa Colombia.

## NAUFRAGO Continá di pagina 1

a sink. E lancha tabata carga solamente fruta, buscuchi y 25 galon di awa. Despues di e promé siman awa a caba y nan a keda na bida bebiendo cantidadnan chiquito di awa di lamar.

Durante e dos simannan cu e grupo a drief riba lamar, nan a mira hopi barco pasa y anochi nan a mira luzanan, pero nunca basta cerca pa nan haci seña. Nan a drief mas o menos 450 milla den e lancha.

Despues cu nan a sali di Hospital, Consul Ingles a regla pasashi pa nan bolbe nan tera.

A. R. Barnwell, of the Marine Warehouse, recently received a clipping from a British Guiana paper telling of a woman there who weighed over 500 pounds. She is Mabel Collymore, of Demerara, who because of her huge size hasn't been out of doors for over a year; her feet can't bear the pressure of her body.

Two years ago Miss Collymore weighed 468 pounds, and was able to walk about. She weighs more now, but can't determine exactly how much since she's unable to walk to a scale. However, she guesses that she weighs over 500 pounds.

## Bicho Malo Team Leads Sport Park Softball Loop

With a record of three wins and no defeats, the Bicho Malo team leads the 1948 Sport Park softball league. In what promises to be one of the best games of the season, Bicho Malo meets the second place Baby Ruth club on August 15.

On July 18 Baby Ruth beat Los Tigres, 6-2, and the Dodgers swamped the Instrument Department by a score of 13-3.

Bicho Malo edged out the Dodgers July 25 by a score of 10-9. In the second game Baby Ruth suffered its first loss of the season, losing to the Instrument club, 9-5.

On August 1 Bicho Malo managed to retain its league lead by beating the Aruba Juniors, 4-3. The Caribe Club defeated the Dodgers by the same score, 4-3, but it took them 11 innings to do it.

On August 8 the Dodgers were to meet the Instrument team in the first game, with Los Tigres and the Aruba Juniors taking the field afterwards.

Games scheduled for August 15 are Instrument vs. Caribe in the opener, with Bicho Malo seeking to maintain its perfect record against Baby Ruth in the second game.

Los Tigres and Instrument play in the first game August 22, with Bicho Malo and Caribe meeting in the second.

The two games August 29 are Dodgers vs. Baby Ruth, and Bicho Malo vs. Los Tigres.

Caribe plays Los Tigres, and the Aruba Juniors play the Dodgers on September 5. The season ends on September 10, with Caribe playing Baby Ruth at 10 a.m.

Games are played at the Sport Park on Sunday mornings. The first game is scheduled to begin at 9 o'clock, and the second about 10:30, following the completion of the first.

Standings as of August 7 are as follows:

Team	Won	Lost	Percentage
Bicho Malo	3	0	.1000
Baby Ruth	2	1	.666
Dodgers	2	2	.500
Caribe	1	1	.500
Aruba Juniors	1	2	.333
Instrument	1	2	.333
Los Tigres	0	2	.000

## Two Aruba Records Are Set By Grenada Cricket Club Here

Two new records were made by the Grenada Cricket Club recently when it piled up a record 323 runs and two of its players made the first double century ever scored in a single game here. The records were made against the Eagle Cricket Club at Lago Heights on June 18.

Winning the toss and batting first, Eagle scored 205. Grenada replied with 323. C. Perrotte scored 116 and M. Edwards 104 for the double century.

The previous high score, 309, had been made by Eagle in the Atlas Cup Match last year against the Maple Cricket Club. This Grenada-Eagle match was a warm-up for the forthcoming Lago Sport Park cricket competition later in the year.

Scouts and Girl Guides from the Tarabana and Arawakken groups are shown above singing at the Parents' Night program held at the Surinam Club on July 23. Other attractions on the evening's program included first aid demonstrations, dancing by the Girl Guides, and movies. (Photograph by Samuel Rajroop.)

Aki riba Padvindsters e gruponan Tarabana y Arawakken ta canta riba ensenario e anochi cu nan a presenta un programa di demonstracion di Promé Auxilio, bailamento y cantamento pa mayornan. E funcion a tuma lugar na Surinam Club dia 23 di Juli.

Max Jessurun, instructor in the Training Division, was married to Wilhelmina Brandon, of the Medical Department, on July 16. The bride and groom are shown above (center) with friends, most of whom are instructors in the Training Division, who presented them with a wedding gift. (Photograph by Samuel Rajroop.)

Before Chief Officer G. T. Lee, of the Invercaibo, left on vacation to England, that vessel's deck department presented him with a silver cocktail set and tray. While the men look on, Bosun Domingo Martyn (left) presents the gifts to Mr. Lee. Others in the picture are M. Finis, P. Provence, A. Hart, R. Josephia, A. Emerenciana, J. Nicolaas, and D. Cecilia.

Promé cu Chief Officer G. T. Lee di Invercaibo a bai Inglatera cu vacantie, su empleadonan a presenté cu un set di cocktail cu teelblachi. Riba e portret nos ta mira Domingo Martyn (banda robes) ta haci e presentación na Señor Lee.

### Marine Club Announces Third Arts & Crafts Show

The third annual Arts and Crafts exhibition, sponsored by the Marine Club Committee, will be held the latter part of October.

Entries will be judged by a jury chosen by the Committee, and prizes will be awarded for the best work in the following categories: oil paintings, water color paintings, charcoal and pencil drawings, woodwork (including ship models, etc.), metal work, modelling and sculpture, photography, and needlework, crochet work, and embroidery.

The competition is limited to masters, chief engineers, officers of the Lake Fleet and shore staff and their wives, and members of the Marine Department and their wives. Contestants may enter more than one entry in any of the categories for which prizes will be awarded. Entries must be given to the Marine Club secretary not later than three days before the day on which the exhibition is to be held.

Prizes will also be given to work done by the children of eligible members. These entries will be limited to three groups: paintings and drawings, handicrafts, and needlework. There will be four age groups: under eight, from eight to twelve, twelve to fourteen, and fourteen to sixteen.

### Dutch Magazine Devotes Issue To Various Aspects of Aruba

A recent issue of the Dutch magazine, Naar Ruimer Horizon ("To a Wider Horizon"), is devoted entirely to Aruba and contains numerous pictures and articles on activities here. Copies of the magazine, written in Dutch, were on sale this week at the Main Office Building reception desk. It costs Fls. 1.00 copy.

In addition to advertisements from island merchants, the magazine has sections on Aruba's cultural life, on the harbor works in Oranjestad, the Water Works, Lago, public health, Aruba and its relation to Caribbean air traffic, the Royal Dutch Steamship Company, and the island's future as a tourist center.

### Creole Expands in Venezuela

Creole Petroleum Corporation is embarking on a program to cost approximately \$20,000,000 to bring about extensive repairs and additions to its industrial facilities in Western Venezuela. The program has become necessary to keep pace with Creole's expanding production of crude oil.

Among the facilities involved in the program are machine shops, foundries, warehouses, and shipyards.

### Jersey Buys 8 More Tankers

Negotiations for the construction of eight additional super-tankers with a capacity of 228,000 barrels each were recently completed by the Standard Oil Company (New Jersey); this brings to 14 the number of such vessels ordered by the Company in the last six months.

The total capacity of the 14 tankers will be 3,192,000 barrels, and their construction is estimated to cost more than \$75,000,000.

The new tankers will be capable of entering most ports which can accommodate T-2s with full cargo, as their draft will be only about a foot greater.

Since the construction of its first tanker in 1914, Jersey Standard has become the largest private owner of oceangoing tankers. Addition of the new tankers will raise the total number in the fleet to 145 ships of about 2,400,000 deadweight tons. The Company also has 82 special service and lake type tankers totaling 264,000 deadweight tons.

### Imperial Refinery Opens

Imperial Oil Limited's new \$8,700,000 refinery at Edmonton, Alberta, officially began its processing of crude oil from Leduc field July 17 with ceremonies attended by government, municipal, and company officials. The refinery went on stream just 17 months after Imperial brought in the discovery well that established Leduc as the largest known source of crude oil in Canada.

Known as the "most travelled refinery in the world", the plant was first located in Corpus Christi, Texas. It was moved during the war to Whitehorse, Yukon Territory, and then bought by Imperial for \$1,000,000 from the U.S. War Assets Administration and transported 1,350 miles to its present site at a final cost of \$8,700,000.

The plant will be in full production by the end of the year and will process 6,000 barrels of Leduc crude daily. An increase in the capacity to 11,000 barrels daily at a further cost of \$2,500,000 is under consideration. It will serve the northern half of Alberta and will supply a larger area as the capacity is increased.

The site covers 360 acres of land and contains a crude distillation plant which is producing gasoline, kerosene, diesel, and heavy fuel oils. A "cracking" unit is under construction which will break down heavier oils to produce a full range of motor gasolines as well as tractor distillates, household heating oils, and other products.

When completed, the refinery will have operating tankage for 680,000 barrels of crude and finished products. The Company is laying an 18-mile pipe line extension to join up with the Company's existing pipe line from Leduc to the railway loading point at Nisku, eight miles east of the field.

### Holman Named to Policy Group

Eugene Holman, president of the Standard Oil Company (New Jersey) has been appointed to a 25-member Temporary Committee on National Oil Policy which held its first meeting in Washington on July 28. Purpose of the group is to review and supplement policy recommendations made by the Petroleum Industry War Council in 1944 and 1945.
